

Accessibility - Little Abington Parish Council

These web pages are run by Little Abington Parish Council.

We want as many people as possible to be able to use them. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We aim to make the text as simple as possible to understand.

[AbilityNet](#) has advice on making your device easier to use if you have a disability.

How accessible is this website?

We know theabingtons.org.uk website is not fully accessible:

- you cannot navigate it using a key board as well as mouse
- you cannot modify the line height or spacing of text
- colours and contrast cannot be changed
- most older PDF documents are not fully accessible to screen reader software
- online forms might be difficult to navigate
- we know some people find it hard to find the information they want

Feedback and contact information
